Volume Contents

REVIEW

TNF and other cytokines in the metabolism of septic shock and cachexia
K. J. Tracey 1

Hypothesis

Therapeutic approaches to the problem of biliary sludge and gallstone formation during total parenteral nutrition
F. E. Murray and C. J. Hawkey 12

ORIGINAL ARTICLES

Resting energy expenditure and body composition following cerebrovascular accident
E. Weekes and M. Elia 18

Gastric pressure response to low dose dopamine infusion in normal man
M. N. Hartley, R. F. Sarginson, C. J. Green, N. J. Parr, R. Duckworth, P. F. Maycock, J. A. Fairhurst and I. T. Campbell 23

Plasma and jejunal glutamine levels after extensive small bowel resection in dogs
C. Astre, M. C. Gouttebel, B. Saint-Aubert, P. M. Girardot, D. Briand and H. Joyeux 30

Fibre in enteral formulae: effects of sugar-beet versus soy fibre on zinc and folic acid absorption in human subjects
Z. T. Cossack and A. Rojhani 35

The all-in-one nutrient solution in parenteral nutrition
D. X. Huang, Z. H. Wu and Z. G. Wu 39

Espen Research Fellow Symposium
Papers presented at the Espen Congress, Antwerp 1991

The use of non-invasive probes and 13C nuclear magnetic resonance spectroscopy to assess liver metabolism in humans
I. Magnusson 45

Influence of intravenous lipid emulsions on cholesterol homeostasis
M. Richelle 48

Thermogenesis and metabolism of human white adipocytes in gel culture
H. Bottcher, S. Engel and P. Furst 53

Studies of glutamine uptake across human skeletal sarcolemma
A. Ahmed 56

The influence of calorie source on water and sodium balances during intravenous refeeding of malnourished rabbits
G. Franch, X. Guirao, M. Garcia-Domingo, M. J. Gil, E. Salas and A. Sitges-Serra 59

Contents of the Journal of Parenteral and Enteral Nutrition

Contents of Nutrition: An International Journal of Applied and Basic Nutritional Science

REVIEW

Extracellular fluid expansion during parenteral refeeding
A. Sitges-Serra, G. Arcas, X. Guirao, M. Garcia-Domingo and M. J. Gil 63

ORIGINAL ARTICLES

The potential use of dual frequency bioimpedance in predicting the distribution of total body water in health and disease
E. Pullicino, W. A. Coward and M. Elia 69

Selenium losses in 10 burned patients
M. M. Berger, C. Cavadini, A. Bart, A. Blondel, J. Barthold, A. Vandervale, S. Krupp, R. Chiolero, J. Freeman and H. Dirren 75

Vitamin status in patients with acute pancreatitis
B. De Waele, T. Vierendeels and G. Willems 83

High frequency – low morbidity mechanical complications of tube feeding: a prospective study
M. Butters, A. C. Campos and M. M. Meguid 87

Long term home parenteral nutrition using a subcutaneous venous access
E. Näslund, C. Wadstrom and L. Backman 93

Ethanol flush for the prevention of catheter occlusion
D. A. Johnston, K. Walker, J. Richards and C. R. Pennington 97

CASE REPORTS
A patient with jejunostomy liberated from home intravenous therapy after 14 years; contribution of balance studies
J. M. D. Nightingale, J. E. Lennard-Jones and E. R. Walker 101

Intravenous nutritional support in pregnancy. Experience following biliopancreatic diversion
G. F. Adami, D. Friedman, S. Cuneo, G. Marinari, P. Gandolfo and N. Scopinaro 106

Notice 110

Correspondence 111

EDITORIAL
Indexing and abstracting Clinical Nutrition
S. P. Allison 113

REVIEW
Body composition analysis: an evaluation of 2 component models, multicomponent models and bedside techniques
M. Elia 114

ORIGINAL ARTICLES
Role of bioelectrical impedance analysis in acutely dehydrated subjects
S. Dal Cin, M. Braga, M. Molinari, M. Cristallo and V. Di Carlo 128

Effects of dietary supplement on functional condition and clinical outcome measured with a modified Norton scale
M. Unosson, J. Larsson, A. C. Ek and P. Bjurulf 134

The impact of leucine infusion on skeletal muscle amino acid and energy metabolism in severely traumatized patients
C. Lennmarken, S. Skullman, M. Wirén, E. Vinnars and J. Larsson 140

The influence of low fat, low lactose diet on diarrhoea during pelvic radiotherapy
A. Bye, S. Kaasa, T. Ose, K. Sundfør and C. Tropé 147

The effect of a supplement which is nutrient dense compared to standard concentration on the total nutritional intake of anorectic patients
L. Oveson 154

CASE REPORTS
Isocaloric feeding and medium chain triglycerides fail to improve liver function tests in a patient with Crohn's disease and a high output stoma
D. Poldermans and D. R. Kool with Comment by F. E. Murray 158

Book review 161

Notice 162

Contents of the Journal of Parenteral and Enteral Nutrition 163

EDITORIAL
Nutritional support – who needs it and who does it? 165

REVIEW
Nutritional support in the adult cancer patient
F. Bozzetti 167

ORIGINAL ARTICLES
Perioperative nutritional support: a randomised clinical trial
M. F. von Meyenfeldt, W. J. H. J. Meijerink, M. M. J. Rouflart, M. T. H. J. Buil-Maassen and P. B. Soeters 180

Artificial nutrition support in hospitals in the United Kingdom – 1991: Second national survey
J. J. Payne-James, C. J. de Gara, G. K. Grimble, M. J. Bray, S. K. Rana, S. Kapadia and D. B. A. Silk 187

Metabolic responses to lipid infusions in patients with liver cirrhosis
M. J. Müller, A. Rieger, O. Willmann, H. U. Lautz, H. J. Balks, A. von zur Mühlen, H. Canzler and F. W. Schmidt 193

Effect of glutamine-supplemented total parenteral nutrition on the small bowel of septic rats
M. S. M. Ardawi 207

Parenteral nutrition using MCT/LCT or LCT: Effect on the fatty acid composition of plasma triglycerides and platelet phospholipids
M. J. Ball 216

Fat emulsions for parenteral nutrition. I: Evaluation of microscopic and laserlight scattering methods for the determination of the physical stability
R. H. Müller and S. Heinemann 223

CURRENT CONCEPTS
Full circle in parenteral nutrition
J. Macfie and J. Nordenstrom 237

CLINICAL REPORT
Candida sepsis during total parenteral nutrition: An endogenous infection indicating the severity of patients' disease state
M. Carmon, B. Rimon and H. R. Freund 240

HISTORICAL REVIEW
Food and health at the time of Rubens
R. Van Hee 244

Book review 248

Correspondence 249

Forthcoming Meetings 250

Contents of the Journal of Parenteral and Enteral Nutrition 251

Contents of Nutrition 252

ORIGINAL ARTICLES
Modification of erythrocyte membrane lipid composition induced by a single intravenous infusion of phospholipid-triacylglycerol emulsions in man
W. Dahlan, M. Richelle, S. Kulapongse, C. Rössle, R. J. Deckelbaum and Y. A. Carpentier 255

Effects of essential fatty acid contents of lipid emulsions on erythrocyte polyunsaturated fatty acid composition in patients on long-term parenteral nutrition
W. Dahlan, M. Richelle, S. Kulapongse, C. Rössle, R. J. Deckelbaum and Y. A. Carpentier 262

Haematological disorders and lung alveolar macrophage function following total parenteral nutrition in rats
P. E. Dahl, B. Østerud and J. C. Kjaeve 269

Soy polysaccharide in an enteral diet: Effects on rat intestinal cell proliferation morphology and metabolic function
R. Chinery, R. A. Goodlad and N. A. Wright 277

The stability of ascorbic acid in TPN mixtures stored in a multilayered bag
M. C. Allwood, P. W. Brown, C. Ghedini and G. Hardy 284

Particle size, surface hydrophobicity and interaction with serum of parenteral fat emulsions, and model drug carriers as parameters related to RES uptake
H. Carstensen, R. H. Müller and B. W. Müller 289

Plasma insulin-like growth factor-1 determinations in patients with cystic fibrosis: Influence of the nutritional and liver status
J. De Schepper, M. Van Blerk, S. Hachimi-Idrissi, I. Dab and J. Smitz 298

Effect of S-adenosyl-L-methionine administration on plasma levels of sulphur-containing amino acids in patients with liver cirrhosis
G. Marchesini, E. Bugianesi, G. Bianchi, A. Fabbri, E. Marchi, M. Zoli and E. Pisi 303

In patients with mild hypertension, does exercise and a gradual rather than abrupt increase in fatty acid and salt intake cause less rise in cardiovascular risk factors?
R. B. Singh, V. K. Sharma, S. S. Rastogi and N. K. Singh 309

CASE REPORT
Catheter fracture and embolisation in a totally implanted venous access catheter (TIVAC) following shoulder trauma
D. Chassard, F. Bovis, P. Paton, P. Gelas, M. Guiraud and P. Bouletreau 315

Book Review 318

REVIEW
The uses and limitations of nutritional support
S. P. Allison 319

ORIGINAL ARTICLES
The role of home parenteral nutrition in the management of intestinal failure – report of 400 cases
T. O'Hanrahan and M. H. Irving 331

Short term benefits of post-operative oral dietary supplements in surgical patients
S. K. Rana, J. Bray, N. Menzies-Gow, J. Jameson, J. J. Payne James, P. Frost and D. B. A. Silk 337

Nutrient utilisation in muscle and in the whole body of patients receiving total parenteral nutrition
K. Khan, B. A. Baker and M. Elia 345

Acute IGF-1 deficiency in multiple trauma victims
M. Jeevanandam, N. J. Holaday, R. F. Shamos and S. R. Petersen 352

Plasma amino acid concentration changes during total parenteral nutrition in critically ill patients
G. Iapichino, D. Radrizzani, A. Colombo, G. Ronzoni, G. Pasetti, G. Bonetti and C. Corbetta 358

Which central venous catheter for neonatal use?
J. A. Rushforth, C. Wood, M. W. Quinn and J. W. L. Puntis 365

CASE REPORT
Late onset primary systemic carnitine deficiency exacerbated by carnitine-free parenteral nutrition
A. L. Buchman, H. V. Vinters, S. Diethelm, M. E. Ament and M. A. Verity 368

TECHNICAL DEVELOPMENTS
A new self-propelling nasoenteric feeding tube
B. Jeppsson, K.-G. Tranberg and S. Bengmark 373
